RE: Reissuance of VPDES Permit Nos. VA0062154 – Hanover Courthouse Sewage Treatment Plant and VA0025569 – Doswell Water Treatment Plant

Dear Mr. Van Gelder:

Enclosed are the original, signed permit cover pages for the two referenced permits.

Also enclosed is a revised Discharge Monitoring Report (DMR) for the Courthouse Sewage Treatment Plant. This revised DMR only corrects typographical errors in the original DMR sent to you: The cells for reporting average and maximum quantities for TKN and *E. coli* have been filled with stars indicating that reporting of these values is not required. This is consistent with Part I.A of the permit.

Please contact Ray Jenkins at 804/527-5037 or ray.jenkins@deq.virginia.gov if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "C. Linderman".
